NON-OFFICIAL TENT PROVIDER NOTIFICATION

To ensure compliance, Show Management recommends **Lincoln Tent**, the official tent provider of ICUEE 2019. If your tent provider is not Lincoln Tent, please provide the name and contact information of the alternative supplier:

With the help of Show Management if an alternative tent supplier is used you will need to apply for permit application to the State of Kentucky to supply and erect tent(s) on state owned grounds. Suppliers must also notify ICUEE Show Management of the locations of each of their tents by submitting the exhibitor names and booth numbers. This will allow Show Management to obtain an overall Site Placement Permit required by the state. Upon notification of an alternative supplier, Show Management will forward the necessary information for compliance.
