

LOADING DOCK REQUEST FORM

Due to limited loading dock facilities, Show Management encourages all outdoor exhibitors to use self-unloading/loading trailers. This will expedite the unloading/loading of equipment and make installation/dismantle more efficient.

Docks will be available in Lots H, L, & K from September 23rd– October 6th.

To request use of a loading dock, please complete the following by **September 6, 2019**:

EXHIBITING COMPANY INFORMATION

Company Name:	Booth Number:
